

US Senator Lee of Utah recently said “This is a bill as if written in hell by the devil himself.” It is imperative that the US Senate not pass this bill in any form.

You can help by sending an e-mail to Senators Cornyn and Cruz. But more importantly, please send an email to the following Senators asking them to not change the Senate filibuster rules and to vote against this terrible bill. You can also call each Senator’s office and share your thoughts. If you have relatives, friends, former neighbors, and business associates in Maine, West Virginia, Alaska, Utah, or Arizona, please contact them and ask them to contact their Senators to reject HR 1.
